Composting Accelerators

TripleRich™ - EnRich™ N48 - MicroSoil®

CLEAN/GREEN Synergistic Technologies

**TripleRich™ Life Enriching Composting Program*

Above and Beyond Organics™

TripleRich™ provides all of the natural occurring nutrients required for optimum plant growth and development, while, at the same time, balancing the soil's energy and synergistically complementing Nature's natural rhythms and processes, which is the foundation for soil health and productivity.

Benefits of using TripleRich™

- ♦ Increases organic matter & soil fertility
- ♦ Reduces odors immediately
- ♦ Optimizes decomposition of organic materials
- ♦ Lush green foliage

Features of TripleRich™

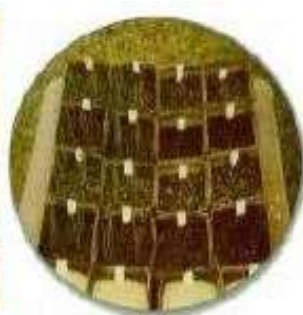

- ♦ 13% Non-Leachable Organic Nitrogen
- ♦ Decomposing & Nitrogen fixing Soil Microorganisms
- ♦ Carbon Cleaving Enzymes

**TripleRich™* is ideal to help regulate & maintain C:N Ratio for optimum decomposing.

ALL NATURAL ♦ NON TOXIC ♦ NON HAZARDOUS

100% Safe for People, Plants and Pets

MicroSoil® or TripleRich™
Seed Germination & Root Proliferation
Ideal Solution for Transplanting Trees, Shrubs & Flowers

Worldwide Trend in the Sugarcane Industry
Reduce Chemical Fertilizers and Increase Crop Production
